

Sinclair Broadcasting's decision to force its stations to air an anti-Kerry program immediately prior to the election is wrong and a horrible abuse of power. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. It is absolutely wrong for Sinclair to use publicly funded airwaves to broadcast a one-sided political agenda. Broadcasting companies using public airways have the duty serve the interest of all people. If Sinclair wishes to air an anti-Kerry program it should also be obligated to air an anti-Bush program, as well as programs that portray both candidates positively.

It is frightening the power a large broadcasting company has in suffocating the process of objective journalism as well as democracy. I strongly urge the FCC to make changes to address this problem.
Thank You.
